Project Introduction

MOON is the vision of two Canadian entrepreneurs, Michael Henderson and Sandra Matthews.

Together they founded Moon World Resorts, an Architectural Design and Intellectual Property Licensor. Moon World Resorts will License MOON in four geographical regions; North America, Europe, Middle East Gulf and Asia Pacific.

Potential Licensees will include major global Corporations from the Entertainment and or Hospitality and or Technology sectors; or those eager to obtain a unique foothold in this highly lucrative and rapidly expanding business segment. Licensee's will own and operate their single or multiple MOON Destination Resorts; having obtained their Regional Licence by demonstrating suitability, related expertise and financial capability.

Project Brief

MOON was conceived as a sophisticated, unique, Architectural and Engineering iconic structure. As planet Earth's closest celestial neighbor, MOON will deliver a timeless and spectacular building of global significance; a magnificent industry disrupter representing the past, present and most importantly the future!

Delivering a fully integrated Destination Resort experience; MOON will transport millions of guests on an experiential life-altering journey previously thought possible for only a few!

Setting entirely new standards in design, build-quality, ingenuity, environmental stewardship and sustainability; MOON will ignite the imagination and expand the building envelope well beyond current levels.

Moon World Resorts Co-Founder's mantra was to "create a building authentic to its purpose"; with MOON they delivered. The world of Entertainment, Attractions and Hospitality has been completely reinvented.

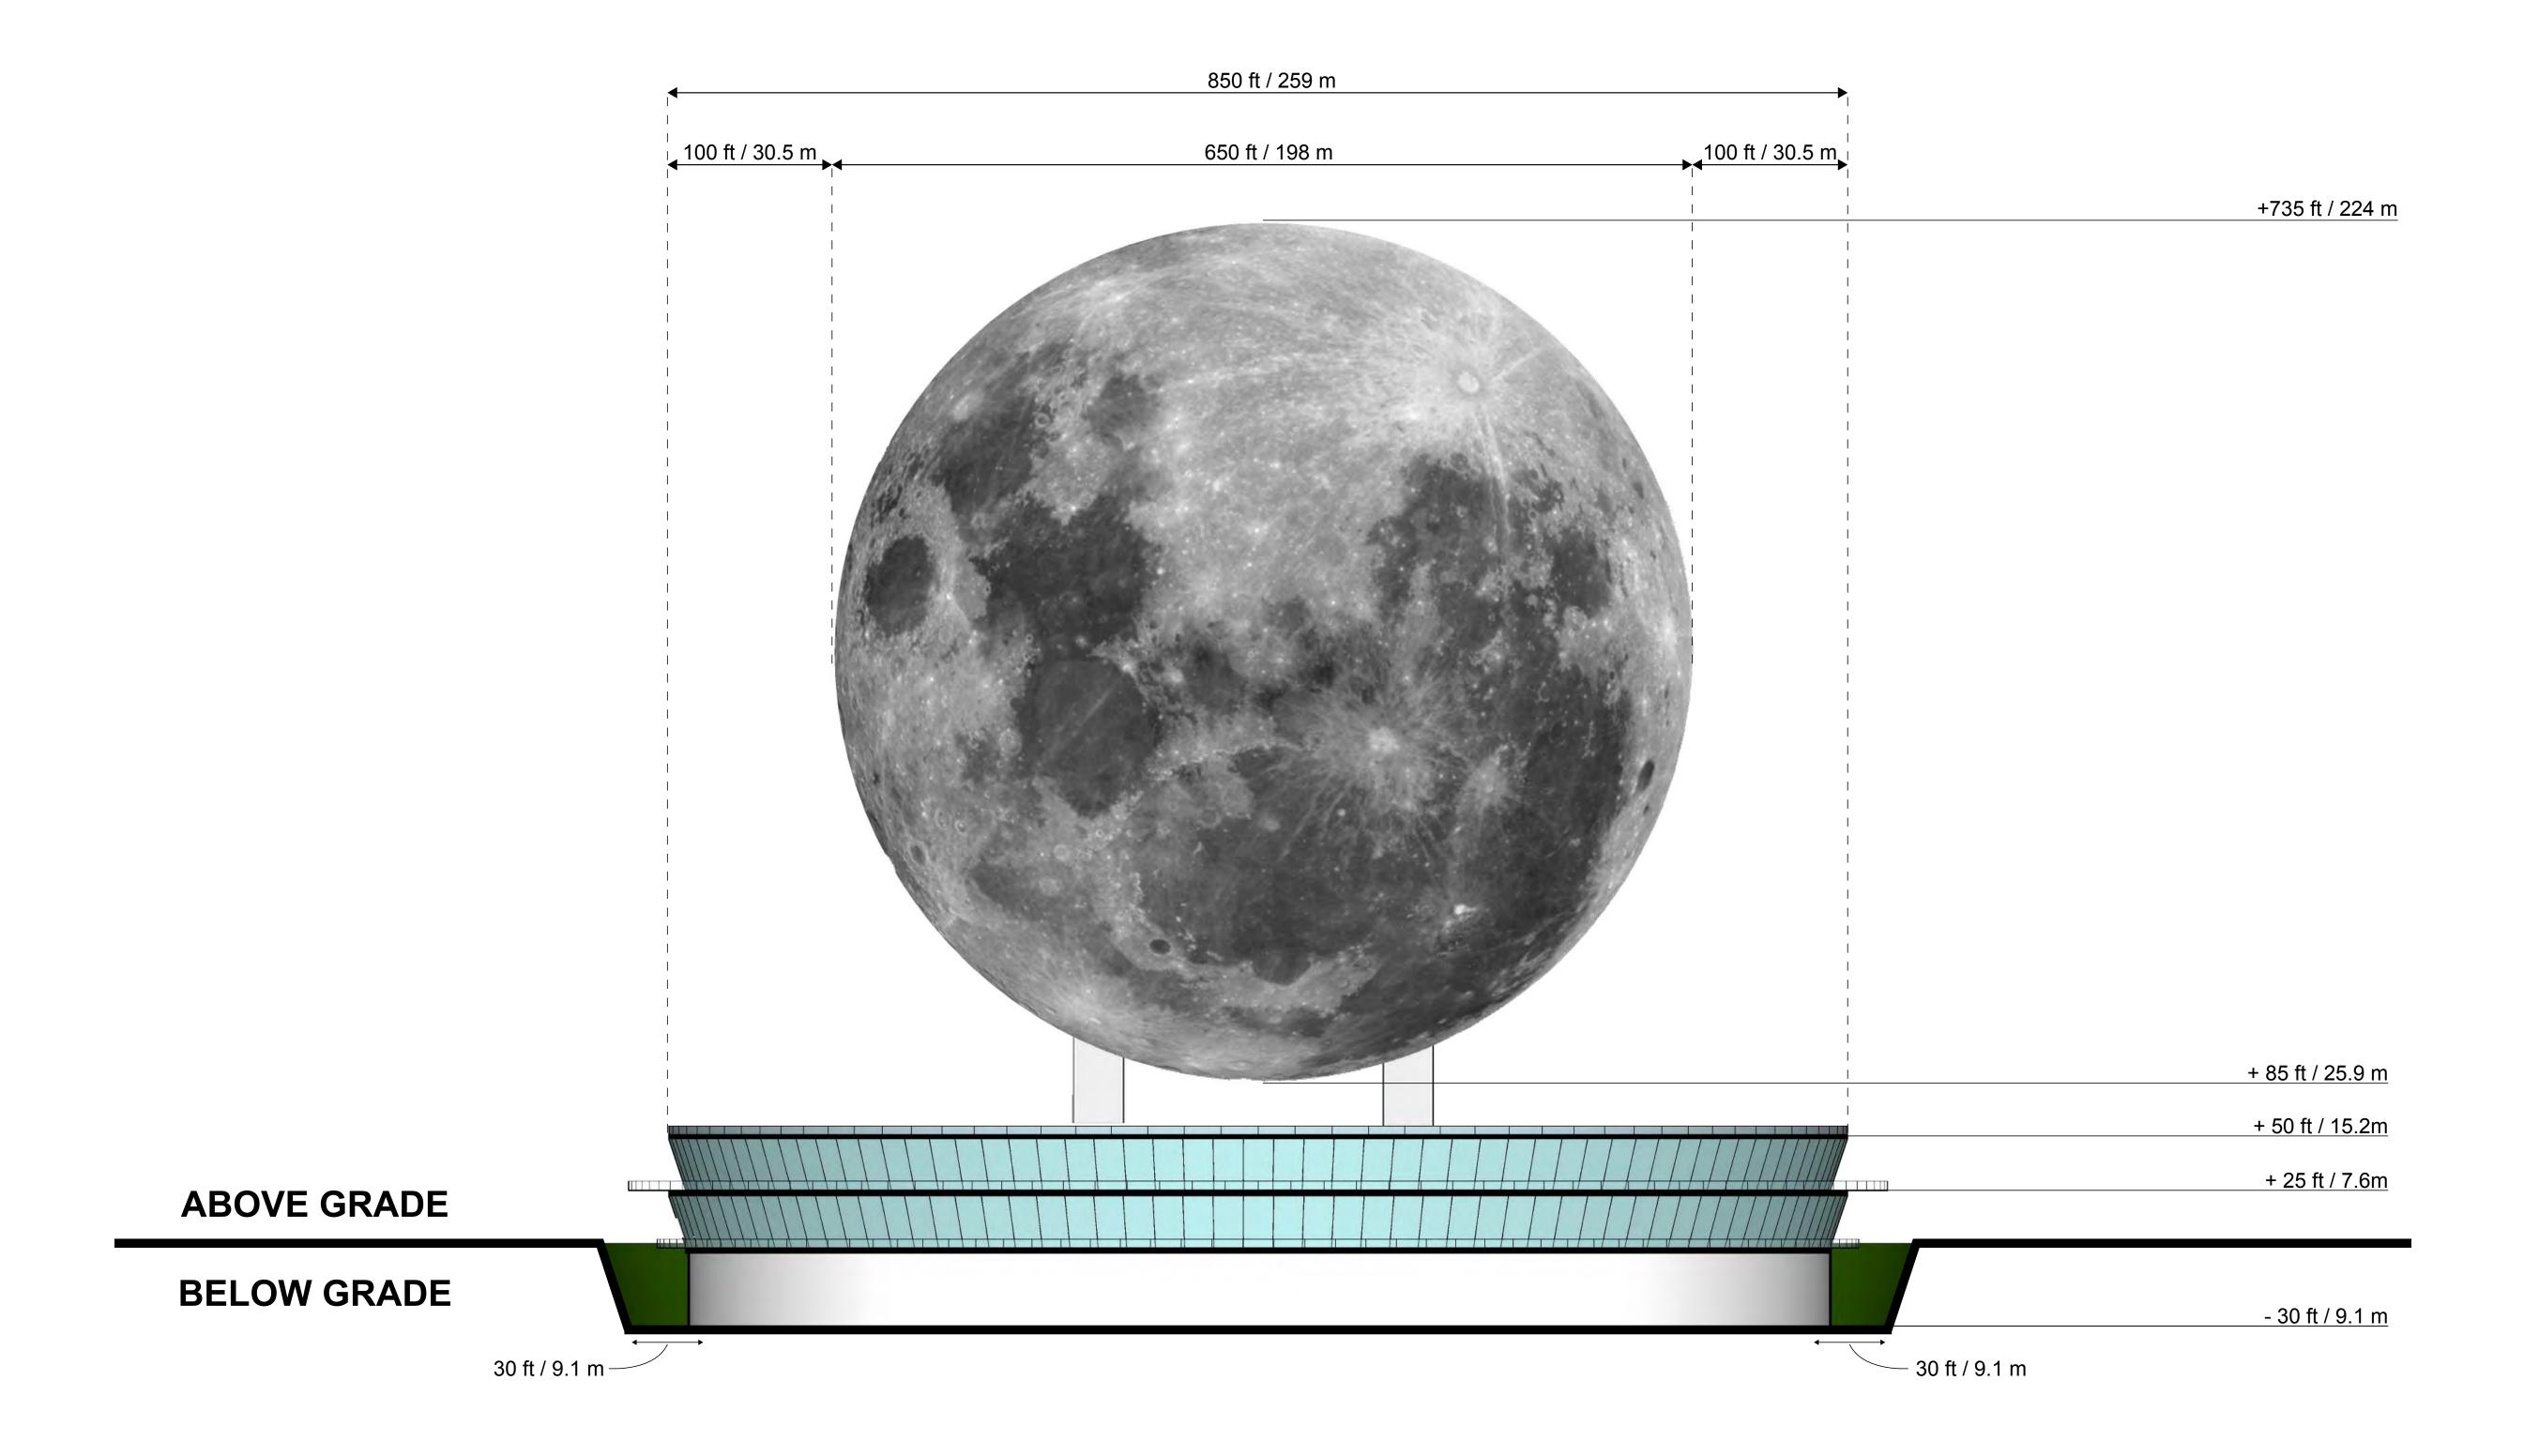

Welcome to MOON, the ultimate Moonshot!

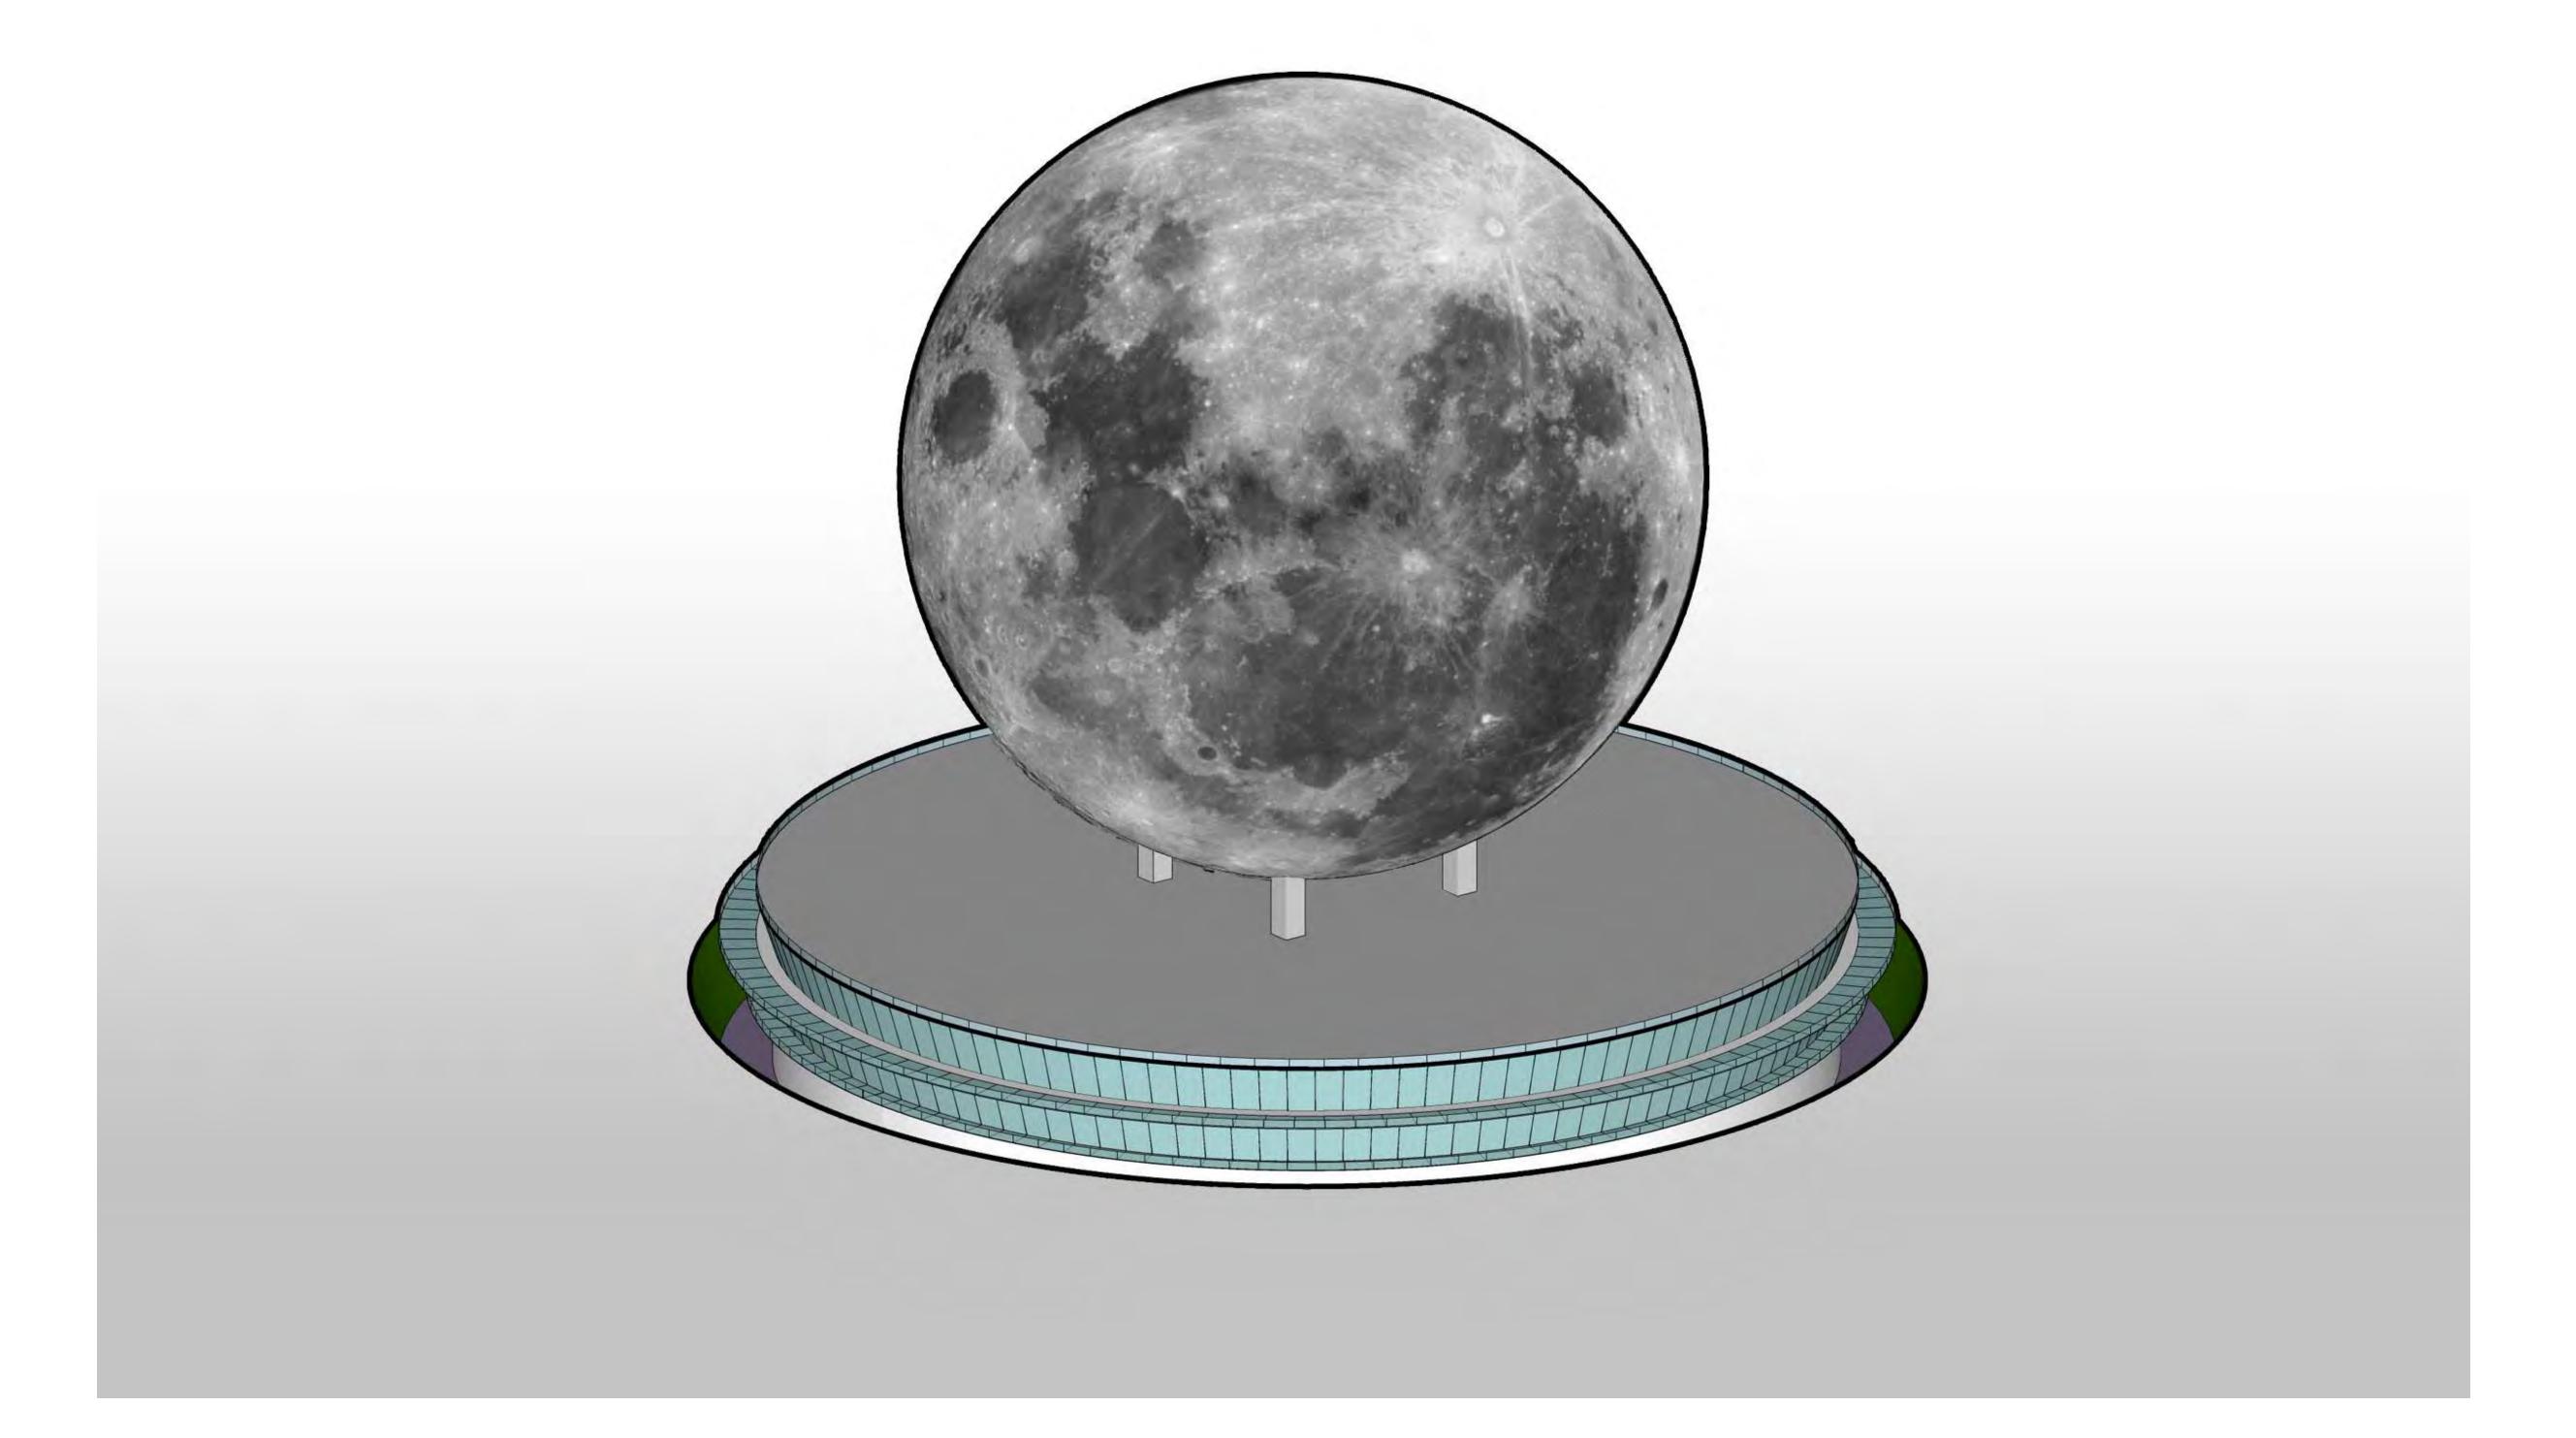

"Change is the law of life. And those who look only to the past or present are certain to miss the future."

John F. Kennedy

Key Building and Financial Data

Project Metric

Buildings: Main Superstructure / Multistory Car Park Build out time frame: 48 months Construction type: Single phase Key materials: Concrete / Steel / Glass / Aluminium / Carbon Fibre Composite

Building Scale

Overall height:

Sphere diameter: Sphere circumference: Sphere surface area: Disc diameter: Disc circumference: 650 ft(198 m)2,042 ft(622 m)1,327,323 ft²(123,312 m²)850 ft(259 m)2,670 ft(814 m)

Building Area

Main Superstructure:	5,554,181 ft ²	(516,000 m²)
Car Park:	2,200,000 ft ²	(204,387 m²)

Building Standards

LEED certification: Gold Resort build-out standard: 5 Star Resort operational standard: 5 Diamond

Financials (Projected in U.S. Dollars)

Construction budget: Annual Revenue: Annual EBITDA: Signature Attraction fee: Available Room Night's \$5 Billion
\$1.8 Billion
\$500 Million
\$500.00 (90 minute program)
\$1.46 Million
